- 3 Student's own answer. The student will probably say that the police could not find out about Larkin. His wife's body was buried under the concrete floor of the chicken shed, and at the end of the story it is still there and there is tarmac over it too. The body is under the new car park or shopping centre. The police think that Mrs Larkin left her husband. There is no reason for them to change their minds.

- 6a) In this picture, Big Billie has knocked Ram Lal to the ground. After this, Ram decides to kill Big Billie.
 b) In this picture, Ram Lal is buying the poisonous snake which will kill Big Billie when it bites him.
 c) In this picture, Big Billie is putting the snake into Ram Lal's lunch-box. Big Billie does not believe that it is a snake, and he only wants to frighten Ram Lal. He wants the other men to laugh at him. But when Ram Lal sees the snake, he throws the box to the ground. The snake falls close to Big Billie and bites him.
 d) In this picture, the snake has had some babies. After this there will be more snakes in Ireland.

The student could choose the scene where Ram Lal puts the snake into the pocket of Big Billie's jacket. But there are other possibilities.
